

Double gas hob narrow side operated

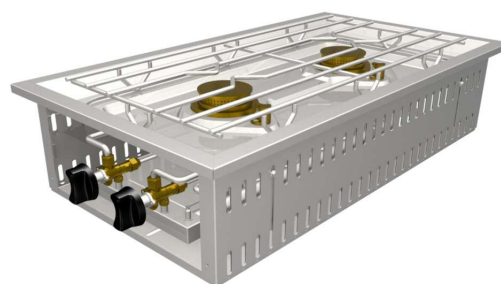

Cover and housing made of high-quality stainless steel, with embossed, seamlessly deep-drawn and tightly welded double burner recess. Large radii make cleaning easier. Latest generation innovative burner technology, DVGW tested. The double alternating flame circle of the brass burners, Ø 100mm, distributes heat evenly over the entire base of the pot or pan.

Single piece 1.4301 stainless steel sliding grate made of 8 mm round steel allows convenient and safe movement of pots and pans without the risk of tipping. Also suitable for small items of cookware from a diameter of 70 mm.

Manual burner ignition with pilot burner. All-gas tap with thermoelectric protection.

Technical data:

Dimensions:	500 x 900 mm
Output:	2 x 7.5kW (2x D burners)
Connector:	for natural gas
Heating zone:	2 heating zones
Control:	2 controls
Anschluß:	for natural gas
Adjustment:	Freely adjustable temperature control
Item no.:	206359
