

# Hinged swing door cabinet can be accessed from both sides

## MS-SFT-BB

### 1 door

Accessed from both sides, with base. Both sides are sealed by a double-walled hinged swing door with upwardly bevelled handle rail. Hygienic design with rounded corners for ultra-simple cleaning. The hinged swing door cabinet is also used when the deep fat fryer and multi-cooker are installed. The hinged swing door cabinet is also used when the deep fat fryer and multi-cooker are installed. Design complies with DIN provision H 2

- No corners in which dirt can hide
- Easy to clean
- Smooth side panels
- Hinged swing doors can be removed without the need for a tool

## Technical data:
