

Hinged swing door cabinet can be accessed from both sides

MS-SFT-BB

2 doors

Accessed from both sides, with base. Both sides are sealed by two double-walled hinged swing doors with upwardly bevelled handle rails. Hygienic design with rounded corners for ultra-simple cleaning. The hinged swing door cabinet is also used when the deep fat fryer and multi-cooker are installed. Design complies with DIN provision H 2

- No corners in which dirt can hide
- Easy to clean
- Smooth side panels
- Hinged swing doors can be removed without the need for a tool

Technical data:

Dimensions: Depth: 300 mm
 Width (operating side): 300 mm
