

Valentine V200T

The tank is seamlessly deep-drawn and made of chrome nickel steel. Available as a single tank providing a volume of 7-9 litres. There is many equipment options to choose from, including electronic control, oil pump and filtration system to simplify oil management or automatic basket lifting mechanism. The heaters can be pivoted out for cleaning purposes.

- Sophisticated technology
- User-friendly control
- Precise, even temperature management
- Consistent baking results
- Molten fat stage for gentle melting
- Easy to clean
